## Recommendations

**List all of your recommenders and provide valid contact information.**

Most programs prefer electronic submission of letters of recommendation. If your recommenders will use the online recommendation form, please complete the following steps **for each recommender** :

- Indicate "Yes" to the question, "Use online recommendation system?"
- Complete the requested information and click the "Submit Recommendation Request" button at the end. An email will be sent to your recommender.
- Once you click this button, you cannot edit the provided information.
- **After the application is submitted**, you can change or replace the name of a recommender that you have listed by logging into your activity page.

If you are unable to use the online system, contact your program to ask whether it will accept letters in other ways. Please be aware that once you choose to not use the online system in the boxes below, your choice cannot be undone - contact your program first. If you decide not to use the online system, this may delay the review of your application.

If the student waives his or her right, the recommendation, except as used by the admission officers, will be held in confidence from the student and all other parties. If the student does not waive his or her right and matriculates, or if the student does not sign either statement above and matriculates, the student will be permitted to see this form on request.

You are required to upload a transcript for each university you listed in the Education section, in the appropriate place below.

- Each transcript must be issued by the Registrar's Office (a copy issued to the student is fine) and cannot be printed from the University's web site.
- Scan the transcript at high resolution as one file. Review the transcript file before you upload it to make sure it is readable and that all the pages are present. **Do not upload a multiple page transcript as single pages, as the system will only accept the last file you upload.**
